## Workshop on Compact Tori

7-9, Nov., 2017  
in Yokohama

2nd Announcement and Call for papers

### Improved Confinement and Novel Applications of Compact Tori (CT2017)

#### Overview of the workshop

CT2017 is a continuation of the US-Japan CT workshop series that has been held in the US and Japan every other year: in Irvine, California in 2016, in Tokyo in 2015, in Madison, Wisconsin in 2014, in Kobe in 2013, in Newport Beach, California in 2012. The objective of the CT2017 Workshop is to discuss confinement improvements and innovative applications of compact tori and other high-beta confinement concepts.

#### Workshop Venue and Accommodation

CT2017 workshop will be held at “**Hotel Yokohama Camelot Japan**” within 10 minute walk from Yokohama Station West Gate.
